

EE 500 GRADUATE COLLOQUIUM

Spring 2014

You are cordially invited to

“JOB SAFETY AND HEALTH- It’s the law!”

By

David DeCapria

Department of Electrical and Computer Engineering

Pennsylvania State University

Date: January 16, 2014

Time: 4:00 pm

Location: 160 Willard Bldg

Talk Description:

Conducting a “Job Hazard Analysis”

Speaker’s Bio:

David DeCapria is the Engineering Laboratory Manager and Department Safety Officer at the Pennsylvania State University. He is responsible for maintaining semiconductor processes, test equipment, and all EE common and individual faculty laboratories. DeCapria participates in the training of users of laboratories for research projects and establishes and maintains the safety policies. He also supervises the processing of chemicals and monitors many other potentially dangerous processing activities in the laboratories.

DeCapria is member of the Safety Committee, the Recertification Committee, PSU Hazardous Materials Response Team, National Disaster Medical System DMORT Region 3 Team Safety Officer & Training Instructor, and the South Central Mountain Regional Task Force- Incident Management Team.
